

Haliburton County Marksmen Club Inc.

Health & Safety Code of Conduct

To All Members:

It is important we continue to work together to ensure we follow the restrictions that have come into effect under the 'Yellow' level.

The HCMC Board expects all members to comply fully by:

1/ **Staying home** when ill or not feeling well.

2/ **Maintaining physical distancing** to keep the people around you safe. Keep two metres between yourself and someone else shooting as well as at the target.

3/ **Limiting public gatherings** to 10 people indoors provided the 2m physical distance can be maintained and 25 people outdoors.

4/ **Sanitizing** your hands thoroughly and frequently. Carry sanitizer with you so you can sanitize before handling the gate lock and after touching door handles and other surfaces.

5/ *******NEW***** Wearing face masks** in the Clubhouse.

Use the **Washrooms** at your own discretion. They will NOT be serviced again until Spring.
